Jewell and Nick:

I have left voice messages for both of you regarding EPA's need to secure an access agreement from the ECHA for the purposes of taking indoor sampling. Public health officials (i.e., ATSDR) have recommended this sampling. It is therefore imperative for access to be granted as soon as possible. Please call me at any time: my cell phone number is Ex. 6 - Personal Privacy

I have attached a "highlighted" version that shows changes from the original version. I have also attached a "clean" copy for your client's signature.

We have spoken to Carla Morgan and she has stated that the City is not impeding ECHA's signature on this agreement.

Thanks.

Annette
